Continuing Education

This program is approved for 12 hours (8 on Thursday and 4 on Friday) of Kansas Respiratory Continuing Education, by the Kansas Respiratory Care Society, a chartered affiliate of the AARC. Approval of 10 CRCE by the AARC is pending. All participants are required to sign-in for each morning and afternoon session and can pick up their certificates of attendance at the conclusion of the seminar. Prorated education hours may be obtained each day for those participants leaving prior to the end of the conference. No money will be refunded to participants who leave early.

The Environment

The temperature is difficult to control. For your comfort we suggest you bring a jacket. No smoking is allowed. We request that you turn your pagers and/or cell phones to vibrate or off. This is an adult learning environment; therefore, children are not allowed at the conference.

Accommodations

The KRCS has special rates with the Hilton Garden Inn 410 S. 3rd Street, Manhattan, Kansas 66502. Special room rate hold available until March 24, 2023. Call 785-532-9116 and ask for rates for the Kansas Respiratory Care Society meeting. Reserve online via this [Link for reservations](#): Group Code: KSRCS
Thank you for joining us at the Hilton Garden Inn and Conference Center.

Vendor Recognition

It is through the generous contributions of vendors that we are able to provide this seminar. The vendors help offset the cost of speakers and special events such as the student reception and social event. Be sure to thank your sales representatives for their support of this year's event.

Vendor Reception

Join us for our annual vendor reception. Peruse the vendors hall for state-of-the-art ventilators and equipment. Food and drinks will be served. Doors open at 11:35 and will remain open until 13:35 when the next speaker begins. Please spend time with our vendors!

Registration & Cancellation

Advance registration through April 1st comes with a registration discount. You need to register online at kracs.org. You can pay worry-free with any credit card or through PayPal. Late registration at the door will require you to fill out the registration form and bring with you to the door. Advanced online registration will end Sunday, April 1, 2023. A full refund will be granted to those requesting a refund prior to March 30, 2023. A cancellation received on or after March 30, 2023 will be subject to a \$30.00 processing fee. The content of the conference is subject to change without notice.

Acknowledgements

The KRCS wishes to extend its appreciation to the following companies for their support of this seminar and sponsoring speakers:

Ascension Via Christi Hospitals—Kansas

Bunnell, Inc

Cincinnati Children's Hospital and Medical Center

NBRC

Methapharm, Inc

Sentec, Inc

Wesley Medical Center

Objectives

1. Quality Improvement to increase awareness and to reduce High-Flow Nasal Cannula overuse
2. Provide useful tools for RT's to implement in their daily practice
3. Expand on the current asthma definition and discuss testing recommended for diagnosing asthma
4. Define endotype and phenotype of asthma as well as describe characteristics and biomarkers of identified endotypes and phenotypes
5. Learn the role and function of the NBRC
6. Understand organ donation from the side of the family
7. Participants will explain the roles of the speech-language pathologist in the acute care setting
8. Participants will summarize the importance of interdisciplinary consultation between speech-language pathologists and respiratory therapists for optimal patient care
9. Discuss how to use critical thinking, assessment, and critical analysis of various situations
10. Explain how CO₂ levels can influence cerebral blood flow and IVH
11. Identify how continuous transcutaneous CO₂ monitoring can help support brain function and protect the lung of the neonate
12. Discuss the mechanisms of nano-preemie lung injury
13. Describe how high frequency ventilation can be used to both treat and prevent lung injury
14. Understand the limited utility of salvage maneuvers in the face of severe hypoxemia
15. Participants will be provided evidence-based procedures that should be considered with severe hypoxemia

Announcements

Student Activities

Student Breakout Sessions In the Big Blue River / Fort Riley Room 09:55-10:45

Session with Lori Tinkler who will be helping you navigate the NBRC post graduation.

10:45-11:35

Session with Jennifer Grazer the 2022 Jeff Scobee Leadership Development Award Winner who will discussing with you her activity in the AARC house of delegates and the opportunities for student involvement in their newly chosen profession.

Thursday Evening

Photo Scavenger Hunt Pub Crawl in Aggieville

19:30-22:00

Randomized teams are given a list of bars/venues to visit and a photo hunt and challenge list. Photos (tasteful) are loaded up to a single KRCS Facebook post. Team with the most likes receives a prize.

Consumption of alcohol is not required to participate.

Thank You!

Dealing with a global respiratory pandemic these past few years has been difficult for all of us. The Kansas Respiratory Care Society humbly expresses our thanks and gratitude for your service, sacrifice, and dedication to your patients and co-workers!

Words cannot possibly convey how much we appreciate you and how well you have represented our profession. Thank You!
